Emergency Resuscitation Equipment & Training

O2 Bus Buddy™

The O2 Bus Buddy™ was designed to safely transport personal oxygen in a variety of school busses. They are designed to mount to existing wall and floor track in school buses. Therefore, no drilling is required.

Our O2 Bus Buddy™ has exceeded pull test standards used for ambulances; AMD Standard 003, the OHIO Department of Education RC 4511.76, and Administrative code(s) 3301-83-19 and 3301-83-06, "Guidelines Regarding The Safe Transportation Of Oxygen On A School Bus".
